BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Mrs. William Haley

Mrs. Jessie Haley, wife of William Haley of Oxford, Miss., died at her home in the south Nov. 12, after a two weeks' illness of blood poison.

Mrs. Haley was not well known in Pownal but came here two years ago with her husband and spent some time with her husband's sister, Mrs. Elijah Barber. Mrs. Haley was a young lady of fine mind. To know her was to love her. She was devoted to the comforts of her husband and children. The limited number with whom she came in contact while in Pownal have had their hearts saddened upon learning of this young, loving wife and mother being taken in the early bloom of life to her home from whence no traveler shall return.

She leaves a husband and two children besides her parents. The funeral was largely attended and the remains were laid to rest in the family lot in Oxford, Miss.

Believed to Be Mosquitoes.

Her Preference.

Emily was eating at a restaurant with the family and had finished an order of waffles. She was still hungry and her father asked her if she would have something more—a sandwich, perhaps. She said: "No, I would rather have another set of these than anything else."

The other numerous sundry articles that were on sale were so quickly disposed of and together with the refreshments that were sold the profits were very satisfactory.
